Aims and Objectives

Little Flower School is a co-educational institution aiming at a break-through into the fight against the wall of darkness of ignorance and illiteracy by helping the students to plunge into the infinite realms of knowledge, develop skills and thus build up their character and personality based on simplicity and honesty. The management and staff put all their efforts to instil in the children the love of God and fellowmen, dedication to duty, unselfish service to the nation and an unparalleled thrust for excellence and wisdom. Being a minority institution, Little Flower School has the primary objective of educating the children of the community. However, we shall not spare any effort in rendering our service to all people, irrespective of caste and creed, so as to conserve their religion, language and culture. The School is established on the concept of equality and universal brotherhood.

Academic excellence is our primary aim. Education is for the growth of the intellectual, mental as well as the spiritual faculties which helps the growth of an individual into mature, responsible, disciplined and patriotic citizen. We prepare the students to face the challenges of a competitive world, and to be committed to the service of God and of the nation. They should not be isolated from the mainstream of the society. So our curriculum is planned accordingly. Besides imparting academic motivations, the school also tries to inculcate in the students social and leadership qualities through co-curricular and extra-curricular activities. They are facilitated to cultivate a sense of belongingness and concern for the underprivileged and the oppressed. The school shall not leave any stone unturned to make education more relevant and meaningful, and thus enabling our students to face the challenges of the life ahead. The School is named after St. Therese of Child Jesus, also known as 'the Little Flower', a great saint who lived in the last quarter of the nineteenth century in France. The hallmark of her greatness was child-like simplicity and complete trust in Divine Providence. We strive to inculcate this spirit to every child in this institution.
